The broker-dealer/custodian on your account will charge you transaction fees for executing trades in your account. You may also be charged management fees by the funds we invest in, within your account.

The Recurring Consulting Service has a one-time fixed fee for onboarding that will range between \$250 and \$500 and a monthly fee that ranges up to \$230 per month. Fees charged for our asset management services provided to clients in our Recurring Consulting Services program are in addition to the applicable monthly fee and are charged based on a percentage of assets under management, billed in arrears (at the end of the billing period) on a quarterly calendar and calculated based

We will bill our financial planning fees to you on a monthly basis.

Any fees we charge for financial planning and consulting services will not cover the costs associated with implementing any recommendations we may make.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more information about the fees we charge and the other fees and expenses you will incur, please see **Item 5 of our Form ADV Part 2A**.

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What Are Your Legal Obligations to Me When Acting as My Investment Adviser? How Else Does Your Firm Make Money and What Conflicts of Interest Do You Have?

Standard of Conduct: When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you.

Here are some examples to help you understand what this means. To the extent we recommend you roll over your account from a current retirement plan to an individual retirement account ("IRA") managed by us and subject to our asset-based investment advisory fees, this is a conflict of interest because we have a financial incentive to recommend that you move your IRA to us even if it is not in your immediate best interest based on the increase in management fees. For more information about this conflict and our procedures to mitigate the conflict, see **Item 4 of our Form ADV Part 2A**. When we provide Wealth Management Services, we will ask that you establish an account with TD Ameritrade or Charles Schwab to maintain custody of your assets and to effect trades for your account. Our recommendation to use TD Ameritrade or Charles Schwab is not based solely on your interest of receiving the best execution possible. We also recommend TD Ameritrade and Charles Schwab because they provide us with research, products and tools that help us manage and further develop our business operations. As a result, we do not have to pay for such benefits, which save us money; however, these arrangements create a conflict of interest. See **Item 12 of our Form ADV Part 2A** for more information about our arrangements with TD Ameritrade and Charles Schwab. We actively manage our own personal accounts while at the same time managing your accounts and other client accounts. This creates different conflicts of interest for which we have developed procedures to mitigate and control for those conflicts. For more information see **Item 11 of our Form ADV Part 2A**.

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

Additional Information: For more information about our conflicts of interests and the ways we are compensated, please see **Item 5** and **Item 10 of our Form ADV Part 2A**.
